Heart of roof	SideWall	EBT	Spout runner
Monolithic heart of roof	Ramming mix for blocking working lining bricks	Ramming mixes for blocking EBT sleeves	Ramming mix for taphole and spout runner
Castable mixes for sealing heart of roof	Jointing cement for safety lining bricks	Hot repair mix for end of EBT	Hot repair dry mix for spout runner
Jointing cement for bricks in Roof	Cement for gluing insulating materials	Selfflowing mix for hot repair end of EBT	Precast spout runner
Castable mixes around electrode rings	Backfilling mix between safety and working linings		Precast taphole
Ramming mixes around electrode rings			Hot repair mix for taphole

Precast electrode ring

Our Products

Areas	Applications	Products
1) Heart of Roof	Bauxite monolithic precast roof	in Refravibre 870, 890
	Tabular alumina monolithic precast	in Refravibre 910S, 930
	High alumina castable mixes for blocking heart of roof	Beton 9400 SLCC FF
	HA castable mixe for blocking electrode sleeves	Beton 9400 ISB
	Self flowing castable mix for sealing heart of roof	Castalone C496
	Ramming mix for blocking elecgtrode sleeves	PR 290, Refram 492
	Precast electrode sleeves	in Refravibre 870, 890
	Jointing cement for bricks of roof	Refracol 6 A72, 6 T
2) Side wall	Magnesia ramming mixes for working lining	Mixomag 55, 192
	Backfilling mix between safety and working linings	Calomag 85
	Jointing cements for safety bricks	Refracol 7, 6 A72, 8
	Sticking glues for insulating material	Refracol 12 A, ATAC 30
	Hot repair MgO gunning mix for upper side wall	Remag 391
3) EBT	Ramming mixes for blocking EBT bricks	Mixomag 192, 55
	Hot repair mix for end of EBT	Mixomag 192
	Selfflowing mix to hot repair end of EBT	Castalone S 712 F
4) Spout runner	Backfilling mix for blocking the spout runner	Caloref 94
	MgO dry mix for hot repairing spout runner	Mixomag 785 H
	High alumina - SiC precast taphole	Refravibre K780
	High alumina - chromoxyd Precast taphole	Refravibre 382 A12
	Bi-component mix for repair spout runner	Refravibre H894
	High alumina - SiC precast spout runner	Refravibre K780
	High alumina - chromoxyd precast spour runner	Refravibre 382 A12
	Hot repair MgO gunning mix for upper side wall	Remag 391
